COURSE DESCRIPTION

This course is designed as an overview of major stages in Russian history from the end of the 19th through the beginning of the 21st Centuries, with a general introduction to early Russian history, religion and culture. The roots of the Russian revolution are tracked through the concepts of the 19th Century populists and leftist extremists which brought the Empire to collapse. Lenin's social initiatives and Stalin's authoritarian rule are reconsidered in the context of world history with a special focus on the ideology of totalitarianism. The postwar crisis of the Soviet regime is shown as a prerequisite for Gorbachev's Perestroika reforms, eventually leading to the fall of the USSR and the emergence of the new democratic Russian Federation. Scrutinizing analyses of Putin's current policies brings the course to a conclusion.
